February 2012

Dear Conference Attendees:

The national organization welcomes you to the conference of the **National Association of African American Studies and Affiliates** [National Association of Hispanic and Latino Studies, National Association of Native American Studies, and the International Association of Asian Studies]. This respective conference is serving as host to more than 500 speakers representing colleges and universities from across the United States and several foreign countries. The diversity of titles and subject matter will most assuredly provide the audience with a wealth of new information associated with the lives of people of color in the U.S., Asia, and the Americas.

Conference participants are encouraged to attend as many information sessions as your schedule can accommodate. Information will be provided daily related to opportunities to publish, scholarly activities available abroad, and training sessions that would be of benefit to the professional and general public. Among several notable research forums and symposia that may be of interest to conference attendees include: (1) *Race, Gender and Sexuality Research and Symposium* (June 28-30); (2) *Immigration: Policies, Practices and Social Implications* (August 9-11); and (3) *Global Issues in Hispanic Health and Human Services* (September 6-8). The organization's leadership continues to create learned opportunities that fundamentally open awareness to new experiences.

The leadership also welcomes the exhibitors and sponsors to the 2012 conference. Each company provides a meaningful service. Please take time during the conference to visit with each of the representatives listed in the conference program.

In closing, we welcome each of you to the 20th Anniversary Conference of the **National Association of African American Studies and Affiliates**.

Respectfully,

Lemuel Berry, Jr.
