National Newsletter

Dear Colleagues:

The **National Association of African American Studies and Affiliates** would like to welcome you back for the 2011-2012 academic year. The board members and founders hope that your summer was fun-filled with academic enrichment activities.

National Office Opening

The national organization officially opened its new office complex August 6, 2011. This new facility, located in Westbrook, Maine, will provide the organization with access to the local community, several university and colleges in the region and many professional organizations and associations that are involved with people of color, physically challenged persons, persons with different lifestyles as well as individuals from war-torn countries.

The board and founders invite members of the organization and colleagues to visit us at the new complex. Several photographs of the opening are available for your viewing by clicking [here](#).

A number of academic and cultural activities are planned by NAAAS and Affiliates for the current year. We encourage you, colleagues and students to participate in these outstanding events.
