**Civil Rights Trail**

**~A Cultural and Heritage Experience~**

The Civil Rights Trail is an outstanding program that combines scholarly presentations with cultural and heritage experiences. Select scholars from across the country will address subjects associated with the Civil Rights Movement, Women's Rights and the plight of the disenfranchised.

A Cultural and Heritage Experience has been structured to provide all attendees with a view of those historical landmarks in Montgomery, Alabama and the region that hold a place in American history. The select sites will carry participants to places where decisions that impact humanity were made, to locations that honor the sacrifice of civil rights leaders and, institutions that preserve and remind society of the need to continue the fight in support of the disenfranchised and protection of civil and human liberty.
